

9th IFIP WG 5.5 International Precision Assembly Seminar IPAS 2024 Virtual Event

The 9th IFIP WG 5.5 International Precision Assembly Seminar (IPAS 2024) will be held virtually in 2024. This event will bring together leading experts in the field of precision assembly to discuss the latest research and developments in this area.

Smart Technologies for Precision Assembly: 9th IFIP WG 5.5 International Precision Assembly Seminar, IPAS 2024, Virtual Event, December 14–15, 2024, Revised ... and Communication Technology Book 620)

Precision assembly is a critical process in many industries, including aerospace, automotive, and medical. It involves the assembly of components with very tight tolerances, often in a cleanroom environment. The quality of the assembled product depends on the accuracy and precision of the assembly process.

IPAS 2024 will provide a forum for researchers and practitioners to share their latest findings and insights on precision assembly. The event will

feature keynote speeches, technical presentations, and panel discussions. Attendees will also have the opportunity to network with other experts in the field and to learn about the latest products and services from industry leading companies.

IPAS 2024 is an important event for anyone involved in the field of precision assembly. It is an opportunity to learn about the latest research and developments in this area, to network with other experts, and to find out about the latest products and services from industry leading companies.

Topics

IPAS 2024 will cover a wide range of topics related to precision assembly, including:

- Assembly planning and process design
- Assembly equipment and tooling
- Assembly metrology and inspection
- Assembly automation
- Assembly quality management
- Applications of precision assembly in various industries

Keynote Speakers

IPAS 2024 will feature keynote speeches from leading experts in the field of precision assembly. The keynote speakers include:

- Dr. John Doe, President of the International Precision Assembly Society
- Dr. Jane Doe, Professor of Precision Assembly at the University of California, Berkeley
- Mr. John Smith, CEO of XYZ Precision Assembly

Registration

Registration for IPAS 2024 is now open. The registration fee includes access to all of the event's sessions, as well as a copy of the proceedings. To register for IPAS 2024, please visit the event website.

Contact

For more information about IPAS 2024, please contact the event organizers at info@ipas2024.org.
