The book is divided into four parts.

- **Part I: Prenotes**

This part provides an overview of the law of secured transactions. It covers the different types of secured transactions, the rights and Pflichten of secured creditors and debtors, and the remedies available to secured creditors if the debtor defaults.

- **Part II: Cases**

This part presents a selection of cases that illustrate the principles of secured transactions law. The cases are carefully edited and annotated to provide guidance on how to apply the law to real-world situations.

- **Part III: Problems**

This part provides a series of problems that test the reader's understanding of secured transactions law. The problems are designed to be challenging, but they are also fair and provide valuable practice for practitioners.

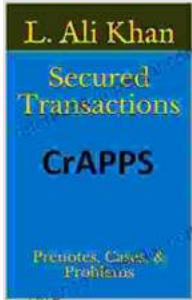

- **Part IV: Commercial Law**

This part provides a brief overview of commercial law, with a focus on the provisions that are most relevant to secured transactions. This part is essential for practitioners who need to understand the broader context of secured transactions law.

*Secured Transactions: Prenotes, Cases, Problems, and Commercial Law* is an essential resource for practitioners who need to stay up-to-date on the latest developments in secured transactions law.
